INSTRUCTIONS

ARCADE PACK III

Another 3 M/Code Games from Poseidon.

1986 — You'll love this game. Reach the top of the maze collecting all the objects and go onto the next screen. Use the cursor keys.

BLACKJACK — This must be the best blackjack game on the market. Fantastic dealing sequence and loads of fun. Can you break the bank?

BOMBER — Control your bomber on a mission to destroy all the buildings, but be careful as the buildings rebuild themselves quickly.

Have you got Arcade Packs I and II?
